

## General Rules and Regulations

It is the intent of the golf course to limit rules and regulations to the minimum required for the mutual enjoyment of the golf course by all customers. The obligation of enforcing rules for the good of all is placed primarily in the hands of management. Management reserves the right to alter rules as deemed necessary.

The greens superintendent is authorized to determine when the golf course is suitable for play. Course maintenance must often continue during golf hours. Please be understanding when this situation occurs.

Course rangers (player assistants) are responsible for the pace of play and the golfers care of the course.

The general manager, head golf professional, and their staff supervise all play and use of the golf course, practice range, practice and putting areas, and the player assistant staff.

Charter Partners are responsible for their actions as well as their guests' actions while on golf course property. It is the responsibility of the Charter Partner to report rule violations to the golf staff.

Glass bottles are not allowed on the course. Personal coolers are not permitted on golf course property for liability reasons. Paper and metal containers and other trash are to be deposited in trash containers.

Only the golf staff is permitted behind the counters and in the service areas.

The clubhouse is a No Smoking facility.

## Dress Code

Please help to avoid embarrassing situations by conforming to the dress code posted at the facility and listed on our website. Please inform the golf staff of violations. Management reserves the right to deem any attire to be inappropriate for golf.

Men – no denim, cut off shorts, bathing suits or tank tops may be worn while using the golf facilities. A collared shirt is required at all times

Women – No denim, cut off shorts, bathing suits or halter tops may be worn while using the golf facilities

Footwear – Metal spikes are prohibited. Any footwear that are not golf shoes must be approved by the golf staff.

## Starting Times

Starting times are required for all play.

We reserve the right to pair individuals and groups up to a foursome.

Players who do not make a tee time do not have any privilege to tee off unless they are filled in by the golf staff.

Players who miss their starting time forfeit their tee position.

Automatically reserving a tee time is not permitted.

If you must cancel a tee time, please call the golf shop as early as possible. Consistent failure to do so is a violation of golf course rules and may result in a suspension.

Starting times may be delayed due to frost. The greens superintendent will update the golf staff every hour if there is a delay. If there has been a frost, please call the golf shop to confirm your actual starting time.

## Practice Regulations

All practice will be confined to the practice areas. Practice is not permitted on the golf course. Chipping to the greens (practice putting green included) is not permitted.

Only the golf staff is allowed on the range beyond the tee.

All practice balls shall be obtained through the golf shop. No privately owned balls are permitted on the practice range.

Range balls are restricted to the practice range. Anyone found with practice range balls on the course will have their privileges revoked for 30 days. Please do not save range balls for future use. When finished practicing, leave leftover range balls at the practice area or return them to the golf shop.

## Playing Regulations

All players must register in the golf shop prior to playing.

All play will start on #1 tee unless designated otherwise by the golf staff.

No skipping holes or cutting in front of groups unless approved by the golf staff.

## Pull Carts and Carry Bags

Keep pull carts more than ten feet from the tee boxes and away from the mounds, fringes, greens, and bunkers. Use designated entrances and exits located at tees and greens.

Keep carry bags off all fringes, greens, and tee boxes.

## Golf Carts

Only carts rented from the golf course are permitted on the golf course.

You must register in the golf shop prior to using a golf cart.

Carts are not permitted in heavily wooded areas, hazards, near greens or tee boxes except on cart paths, or in any native grass area. Observe rules listed on the cart and the signs located on the golf course.

90 degree rule should be used when cart traffic is permitted onto the course.

No more than 2 riders per cart.

No children under the age of sixteen are permitted use of a golf cart.

All cart damage is the responsibility of the renter and must be reported to the golf staff.

No hitchhiker riding. You must pay for the use of a cart.

Anyone discovered riding in a golf cart that has more than 2 riders is subject to removal from the course, suspension from the facility, and no refunds given.

## Pace of Play Policy

Being out of position is when a group is not directly behind the group in front of them. This policy is in force to assure proper pace of play and the enjoyment for all golfers playing at Lonnie Poole Golf Course at NC State.

1<sup>st</sup> offense for being out of position: A warning will be issued and the group will be asked to catch up to the group in front of them

2<sup>nd</sup> offense for being out of position: Another warning will be issued and the group will again be asked to catch up to the group in front of them

3<sup>rd</sup> offense for being out of position: After 2 warnings, the group will be asked to skip a hole to return to their proper position on the course

4<sup>th</sup> offense for being out of position: The group will be asked to return at a time more suited to their pace of play and given a refund

## Rules, Enforcement and Suspensions

The golf course Advisory Committee will advise and be consulted on the rules of the course. Enforcement of rules/policies is left to management.

Anyone found to be in violation of the club rules will be warned verbally for the first offense. A second offense will result in a written acknowledgement of the event to be kept on file. Any subsequent violations will result in being suspended from the facility for 30 days. If later, upon reactivation of privileges, another violation occurs the person will be banned for 1 year.

Any violation deemed "major" by management may result in an immediate ban from the facility.
